PROFILE

Talent Acquisition and HR professional with practical experience in end-to-end recruitment, candidate sourcing, interview coordination, and HR operations. Combines recruitment discipline with AI-assisted research and workflow automation to reduce manual effort and improve hiring speed. Familiar with social and environmental compliance standards (RMG).

EXPERIENCE

Executive, Talent Specialist - Enroute International Limited
Dhaka, Bangladesh | Apr 2026 - Present
- Support end-to-end recruitment including candidate sourcing, resume screening, interview scheduling, and hiring coordination.
- Communicate with candidates across the recruitment lifecycle to ensure a professional candidate experience.
- Coordinate with hiring managers and internal stakeholders for timely, data-backed hiring decisions.
- Maintain recruitment records, HR documentation, and candidate databases with accuracy and confidentiality.
- Apply RMG social and environmental compliance standards during screening and onboarding.
- Implement AI-assisted research tools to reduce manual sourcing effort.

SELECTED PROJECTS

AI Job Poster Generator
Next.js, Gemini API, html-to-image
- Parses a raw job description into a share-ready 1080x1350 recruitment poster and exports a PNG with no design tooling.

HR-TaskFlow
Hermes Agent, Streamlit, Outlook
- Outlook-connected AI task manager and reminder app that keeps recruitment follow-ups on schedule.

AI & Recruitment Automation Tools
Python, scrapers, workflow automation
- Custom recruitment workflows, scrapers, and web tools that shorten sourcing cycles.
